

# AMERICAN JOURNAL OF OPHTHALMOLOGY®

VOLUME 94

July—December, 1982

FRANK W. NEWELL, *Publisher and Editor-in-Chief*  
Tribune Tower, Suite 1415, Chicago, Illinois 60611

## EDITORIAL BOARD

THOMAS M. AABERG, *Milwaukee*  
MATHEA R. ALLANSMITH, *Boston*  
DOUGLAS R. ANDERSON, *Miami*  
CHARLES J. CAMPBELL, *New York*  
RONALD E. CARR, *New York*  
CLAES H. DOHLMAN, *Boston*  
FRED EDERER, *Bethesda*  
EUGENE HELVESTON, *Indianapolis*  
FREDERICK A. JAKOBIEC, *New York*  
HERBERT E. KAUFMAN, *New Orleans*  
STEVEN G. KRAMER, *San Francisco*  
IRVING H. LEOPOLD, *Irvine*  
ROBERT MACHEMER, *Durham*

A. EDWARD MAUMENEE, *Baltimore*  
IRENE H. MAUMENEE, *Baltimore*  
EDWARD W. D. NORTON, *Miami*  
G. RICHARD O'CONNOR, *San Francisco*  
ARNALL PATZ, *Baltimore*  
DEBORAH PAVAN-LANGSTON, *Boston*  
STEPHEN J. RYAN, *Los Angeles*  
DAVID SHOCH, *Chicago*  
BRUCE E. SPIVEY, *San Francisco*  
BRADLEY R. STRAATSMAN, *Los Angeles*  
H. STANLEY THOMPSON, *Iowa City*  
GUNTHER K. VON NOORDEN, *Houston*  
GEORGE O. WARING, *Atlanta*

## CONSULTING BOARD

CROWELL BEARD, *San Jose*  
BERNARD BECKER, *St. Louis*  
BENJAMIN F. BOYD, *Panama*  
THOMAS CHALKLEY, *Chicago*  
DUPONT GUERRY III, *Richmond*

ROBERT W. HOLLENHORST, *Rochester*  
ARTHUR H. KEENEY, *Louisville*  
CARL KUPFER, *Bethesda*  
ALBERT M. POTTS, *Louisville*  
MARVIN L. SEARS, *New Haven*

H. STANLEY THOMPSON, *Associate Editor*  
THOMAS M. AABERG, *Associate Editor*  
MARY L. BORYSEWICZ, *Executive Managing Editor*

## COLLABORATORS

RONALD F. LOWE, *Melbourne, Australia*, and E. LEE STOCK, *Chicago*

PUBLISHED MONTHLY BY THE OPHTHALMIC PUBLISHING COMPANY  
Tribune Tower, Suite 1415, Chicago, Illinois 60611

The following scientific referees contributed generously of their knowledge, expertise, and time to review and to evaluate the suitability of typescripts submitted for publication to THE AMERICAN JOURNAL OF OPHTHALMOLOGY between November 1, 1981, and October 31, 1982. The Editorial Board is ever mindful of their generous contribution to the integrity and accuracy of THE JOURNAL.

# SUBJECT INDEX

Note: Abstract Index follows Author Index

## A

### ABO antigen

Beneficial effects of histocompatibility in high-risk corneal transplantation, 622

### Acetazolamide

Aplastic anemia and acetazolamide (Corr.), 687

### Adnexa

Basal cell carcinoma of the eyelid as an indicator of multifocal malignancy, 591

Expression of surface antigen Leu 1 by ocular adnexal lymphoid neoplasms, 246

### Albinism

Oculocutaneous albinism as a manifestation of reduced neural crest derivatives in the Prader-Willi syndrome, 328

### Allergy

Ocular side effects of antihistamine-decongestant combinations (Corr.), 565

### Allopurinol

Allopurinol therapy and cataractogenesis in humans, 141

Cataracts associated with allopurinol therapy, 137

### Amblyopia

Visual results in aphakic children, 441

### Amyloidosis

Recurrence of lattice corneal dystrophy type 1 in the corneal grafts of twosiblings, 540

### Angle-closure glaucoma

Argon laser treatment for medically unresponsive attacks of angle-closure glaucoma, 197

Argon laser treatment for relief of medically unresponsive angle-closure glaucoma attacks (Corr.), 821

### Ankylosing spondylitis

Vitrectomy in uveitis associated with ankylosing spondylitis, 300

### Anterior chamber

Shallow anterior chamber and uveal effusion after nonpenetrating trauma to the eye, 782

### Antigen

Beneficial effects of histocompatibility in high-risk corneal transplantation, 622

Birdshot retinochoroidopathy associated with HLA-A29 antigen and immune responsiveness to retinal S-antigen, 147

Expression of surface antigen Leu 1 by ocular adnexal lymphoid neoplasms, 246

Role of hypersensitivity reactions to *Toxoplasma* antigens in experimental ocular toxoplasmosis in nonhuman primates, 159

### Aphakia

Mirror for self-examination by a patient with an aphakic eye, 674

Sodium hyaluronate (Healon) as an aid to internal fluid-gas exchange (Corr.), 557

Visual results in aphakic children, 441

### Aplastic anemia

Aplastic anemia and acetazolamide (Corr.), 687

Aplastic anemia and chloramphenicol (Corr.), 268

Fatal aplastic anemia following topical administration of ophthalmic chloramphenicol (Corr.), 420

### Aqueous humor

Cefoperazone concentrations in human aqueous humor after intravenous administration, 103

Donor eye contamination, 395

Penetration of intravenously administered cefoxitin into the aqueous humor of inflamed human eyes, 516

### Aspergillus sp.

Fungal flora of the conjunctival sac, 67

### Astigmatism

Astigmatism after keratoplasty—possible cause and method of prevention (Corr.), 556

## B

### Bardet-Biedl syndrome

Ocular and systemic manifestations of the Bardet-Biedl syndrome, 750

### Basal cell carcinoma

Basal cell carcinoma of the eyelid as an indicator of multifocal malignancy, 591

### Best's vitelliform macular dystrophy

Pseudohypopyon in Best's vitelliform macular dystrophy, 30

### Birdshot retinochoroidopathy

Birdshot retinochoroidopathy associated with HLA-A29 antigen and immune responsiveness to retinal S-antigen, 147

### Bleb

Repairing filtering blebs (Corr.), 269

### Book Reviews

## C

### Carcinoma

Adenoid cystic carcinoma (Corr.), 684

Basal cell carcinoma of the eyelid as an indicator of multifocal malignancy, 591

Chemotherapy for choroidal metastases from breast carcinoma. 93: 810; correction, 428

Orbital metastasis of bladder carcinoma (Corr.), 265

### Cataract

Allopurinol therapy and cataractogenesis in humans, 141

Bacterial endophthalmitis following cutting of sutures after cataract surgery, 528

Cataracts associated with allopurinol therapy, 137

Long-term visual results in bilateral congenital cataracts (Corr.), 691

- Prevalence of ocular disease in a population study of subjects 65 years old and older, 181
- Repairing filtering blebs (Corr.), 269
- Stopcock for use during extracapsular cataract extraction, 675
- Traumatic expulsion of an intraocular lens (Corr.), 263
- Visual results in aphakic children, 441
- Vitreotomy in uveitis associated with ankylosing spondylitis, 300
- Cefoperazone**
- Cefoperazone concentrations in human aqueous humor after intravenous administration, 103
- Cefoxitin**
- Penetration of intravenously administered cefoxitin into the aqueous humor of inflamed human eyes, 516
- Chalazion**
- Nonsurgical therapy of chalazion (Corr.), 424
- Transilluminated lid plate and chalazion clamp, 413
- Children**
- Adenoid cystic carcinoma (Corr.), 684
- Long-term visual results in bilateral congenital cataracts (Corr.), 691
- New understanding of ocular herpetic disease (Edit.), 119
- Presumed toxoplasmic retinochoroiditis in four siblings, 656
- Self-inflicted ocular injuries in children, 630
- Silicone intubation for obstruction of the nasolacrimal duct in children, 585
- Silicone tube intubation in disorders of the lacrimal system in children, 290
- Visual results in aphakic children, 441
- Vitreotomy in infants and children with retinal detachments caused by cicatricial retrolental fibroplasia, 305
- Chloramphenicol**
- Aplastic anemia and chloramphenicol (Corr.), 268
- Fatal aplastic anemia following topical administration of ophthalmic chloramphenicol (Corr.), 420
- Choroid**
- Apparent small cluster of choroidal melanoma cases, 172
- Birdshot retinochoroidopathy associated with HLA-A29 antigen and immune responsiveness to retinal S-antigen, 147
- Chemotherapy for choroidal metastases from breast carcinoma. 93: 810; correction, 428
- Choroidal ischemia, 489
- Histopathology of presumed ocular histoplasmosis, 369
- Presumed toxoplasmic retinochoroiditis in four siblings, 656
- Pseudoinflammatory fundus dystrophy with autosomal recessive inheritance, 634
- Retinal phlebitis with chorioretinal emboli, 49
- Role of hypersensitivity reactions to *Toxoplasma* antigens in experimental ocular toxoplasmosis in nonhuman primates, 159
- Serous choroidal detachment and the thickened-choroid sign detected by ultrasonography, 499
- Choroiditis**
- Unusual findings in serpiginous choroiditis, 650
- Chromatopsia**
- Chromatopsia related to afterimages (Corr.), 811
- Cladosporium sp.**
- Fungal flora of the conjunctival sac, 67
- Coloboma**
- Anomalous intraocular and periocular formation of adipose tissue, 344
- Color vision**
- Autosomal recessive vitreoretinopathy and encephaloceles, 18
- Prosopagnosia, 75
- Computed tomography**
- Clinical manifestations and radiologic findings in craniopharyngiomas in adults, 220
- Combined clinical and computed tomographic diagnosis of orbital lymphoid tumors, 235
- Combined clinical and computed tomographic diagnosis of primary lacrimal fossa lesions, 785
- Computed tomography (Edit.), 415
- Plaque causing homonymous hemianopsia in multiple sclerosis identified by computed tomography, 229
- Cone**
- Ocular and systemic manifestations of the Bardet-Biedl syndrome, 750
- Congenital disorders**
- Congenital lacrimal sac mucoceles, 106
- Enlargement of congenital hypertrophy of the retinal pigment epithelium, 64
- Long-term visual results in bilateral congenital cataracts (Corr.), 691
- Conjunctiva**
- Effects of conjunctival resection on the corneal immune response, 388
- Fungal flora of the conjunctival sac, 67
- T-cell subsets and Langerhans cells in normal and diseased conjunctiva, 205
- Conjunctivitis**
- Folk medicines and acute hemorrhagic conjunctivitis (Corr.), 559
- Contact lens**
- Complications of contact lens wear after radial keratotomy in an animal model, 377
- Mirror for self-examination by a patient with an aphakic eye, 674
- Cornea**
- Beneficial effects of histocompatibility in high-risk corneal transplantation, 622
- Central corneal endothelial cell density and central corneal thickness in ocular hypertension and primary open-angle glaucoma, 610
- Complications of contact lens wear after radial keratotomy in an animal model, 377
- Donor eye contamination, 395
- Effects of conjunctival resection on the corneal immune response, 388
- Factors that influence the efficacy of topical gentamicin prophylaxis for experimental *Pseudomonas* keratitis, 216
- Fitting bandage lenses on flattened corneas (Corr.), 419
- Goblet cell response to vitamin A treatment for corneal xerophthalmia, 213
- Interstitial linear keratitis, 606

Role of hypersensitivity reactions to *Toxoplasma* antigens in experimental ocular toxoplasmosis in nonhuman primates, 159  
Septic retinal cyst in endogenous *Klebsiella* endophthalmitis (Corr.), 124  
Transmission and scanning electron microscopic study of surgically excised preretinal membrane proliferations in diabetes mellitus, 473  
Yellow filter to decrease the risk of light damage to the retina during vitrectomy, 677
- Retinal detachment**  
Bacterial endophthalmitis following cutting of sutures after cataract surgery, 528  
Fluorouracil for the treatment of massive periretinal proliferation, 458  
High incidence of retinal detachment secondary to macular hole in a Chinese population (Corr.), 817  
Incidence of retinal detachment in Rochester, Minnesota, 1970-1978, 670  
Lysosomal hyaluronidase in the subretinal fluid of patients with rhegmatogenous retinal detachments, 58  
New approach to treating retinal detachment with macular hole, 468  
Self-inflicted ocular injuries in children, 630  
Syphilitic retinal detachment and uveal effusion, 757  
Vitrectomy in infants and children with retinal detachments caused by cicatricial retrolental fibroplasia, 305
- Retinal pigment epithelium**  
Unusual findings in serpiginous choroiditis, 650
- Retinitis pigmentosa**  
Assessing the risk of retinitis pigmentosa with age-of-onset data, 38  
Retinitis pigmentosa (Corr.), 695
- Retinoblastoma**  
Fluorescein angiography in retinoblastoma (Corr.), 824
- Retinopathy**  
Autosomal recessive vitreoretinopathy and encephaloceles, 18  
Effect of continuous subcutaneous insulin infusion treatment on proliferative diabetic retinopathy (Corr.), 685  
Effect of pregnancy on the natural course of diabetic retinopathy—correction (Corr.), 696  
Medical treatment of glaucoma associated with cicatricial retinopathy of prematurity, 313  
Penicillamine, vitreous proliferation, and retinopathy of prematurity (Corr.), 688  
Prevalence of ocular disease in a population study of subjects 65 years old and older, 181  
Retrolental fibroplasia (retinopathy of prematurity) (Edit.), 552  
Revised classification of retinopathy of prematurity, 744
- Retinoschisis**  
Autosomal dominant inheritance of retinoschisis, 338
- Retrolental fibroplasia**  
Clinical and experimental studies on retinal neovascularization. XXXIX Edward Jackson Memorial Lecture, 715  
Conventional views about retinopathy of prematurity challenged (Corr.), 260  
Medical treatment of glaucoma associated with cicatricial retinopathy of prematurity, 313  
Penicillamine, vitreous proliferation, and retinopathy of prematurity (Corr.), 688

- Retrolental fibroplasia (retinopathy of prematurity) (Edit.), 552  
 Revised classification of retinopathy of prematurity, 744  
 Vitrectomy in infants and children with retinal detachments caused by cicatricial retrolental fibroplasia, 305
- Rhizoctonia sp.**  
 Fungal flora of the conjunctival sac, 67
- Rod**  
 Ocular and systemic manifestations of the Bardet-Biedl syndrome, 750
- S
- S antigen**  
 Birdshot retinochoroidopathy associated with HLA-A29 antigen and immune responsiveness to retinal S-antigen, 147
- Sarcoma**  
 Alveolar soft-part sarcoma (Corr.), 554
- Sclera**  
 Bilateral posterior scleral ossification, 351
- Serpiginous choroiditis**  
 Unusual findings in serpiginous choroiditis, 650
- Serratia sp.**  
 Sugar solutions for ocular infections (Corr.), 686
- Slit lamp**  
 Comparison of slit-lamp applanation tonometers (Corr.), 419
- Sodium hyaluronate**  
 Caution on sodium hyaluronate (Healon) syringe (Corr.), 559  
 Sodium hyaluronate (Healon) as an aid to internal fluid-gas exchange (Corr.), 557
- Spectacles**  
 Making moisture-chamber spectacles, 256
- Staphylococcus sp.**  
 Bacterial endophthalmitis following cutting of sutures after cataract surgery, 528  
 Intraocular lenses and experimental bacterial endophthalmitis, 402
- Stiles-Crawford effect**  
 Cyclic macular edema, 664
- Strabismus**  
 Divergence paralysis, 506  
 Oculocardiac reflex during postoperative muscle adjustment (Corr.), 422
- Streptococcus sp.**  
 Bacterial endophthalmitis following cutting of sutures after cataract surgery, 528
- Sulfonamide**  
 Mechanism of transient myopia induced by sulfonamide therapy, 99
- Sulfur hexafluoride**  
 Results of sulfur hexafluoride gas in vitreous surgery, 165
- Surgery**  
 Auricular cartilage (Corr.), 563  
 Nosepiece for the operating prism loupe (Corr.), 815  
 Surgical drape support, 113
- Suture**  
 Bacterial endophthalmitis following cutting of sutures after cataract surgery, 528  
 Technique for suture removal after penetrating keratoplasty, 549
- T
- Tenon's capsule**  
 Cysts of Tenon's capsule following filtration surgery, 522
- Timolol maleate**  
 Clinical evaluation of the effects of topically applied levobunolol and timolol on increased intraocular pressure, 318  
 Effect of hospitalization on intraocular pressure, 519
- Tonometry**  
 Comparison of slit-lamp applanation tonometers (Corr.), 419
- Toxoplasma sp.**  
 Presumed toxoplasmic retinochoroiditis in four siblings, 656
- Toxoplasmosis**  
 Role of hypersensitivity reactions to *Toxoplasma* antigens in experimental ocular toxoplasmosis in nonhuman primates, 159
- Trabecular meshwork**  
 Nonprogressive low-tension glaucoma with pigmentary dispersion, 190

- Treponema sp.**  
 Syphilitic retinal detachment and uveal effusion, 757
- Triamcinolone acetonide**  
 Nonsurgical therapy of chalazion (Corr.), 424
- Tumor**  
 Combined clinical and computed tomographic diagnosis of orbital lymphoid tumors, 235  
 Expression of surface antigen Leu 1 by ocular adnexal lymphoid neoplasms, 246  
 Retinoids and intraocular tumors (Corr.), 425  
 Ultrastructural study of carcinoid tumor of the iris, 357
- U
- Ulcer**  
*Mycobacterium chelonae* keratitis, 398
- Ultrasonography**  
 Serous choroidal detachment and the thickened-choroid sign detected by ultrasonography, 499
- Uvea**  
 Shallow anterior chamber and uveal effusion after nonpenetrating trauma to the eye, 782  
 Syphilitic retinal detachment and uveal effusion, 757
- Uveitis**  
 Role of the isoniazid therapeutic test in tuberculous uveitis, 511  
 Vitrectomy in uveitis associated with ankylosing spondylitis, 300
- V
- Visual acuity**  
 Idiopathic preretinal gliosis, 44  
 New visual acuity charts for clinical research, 91  
 Recurrence of lattice corneal dystrophy type 1 in the corneal grafts of twosiblings, 540  
 Standardized illumination for visual acuity testing in clinical research, 97
- Visual field**  
 Crowding of the peripheral nasal isopters in glaucoma, 4  
 Nonprogressive low-tension glaucoma with pigmentary dispersion, 190  
 Prosopagnosia, 75
- Vitamin**  
 Goblet cell response to vitamin A treatment for corneal xerophthalmia, 213  
 Retinoids and intraocular tumors (Corr.), 425
- Vitrectomy**  
 Early vitrectomy in the severely traumatized eye (Corr.), 563  
 Pars plana filtering procedure (Corr.), 695  
 Retinal irradiance from vitrectomy endoilluminators, 26  
 Vitrectomy in infants and children with retinal detachments caused by cicatricial retrolental fibroplasia, 305  
 Vitrectomy in uveitis associated with ankylosing spondylitis, 300  
 Yellow filter to decrease the risk of light damage to the retina during vitrectomy, 677
- Vitreous**  
 Autosomal recessive vitreoretinopathy and encephaloceles, 18  
 Autosomal recessive vitreoretinopathy and encephaloceles (Corr.), 820  
 Penicillamine, vitreous proliferation, and retinopathy of prematurity (Corr.), 688  
 Results of sulfur hexafluoride gas in vitreous surgery, 165  
 Self-inflicted ocular injuries in children, 630

# ABSTRACT INDEX

## A

- Acyclovir**  
Acyclovir and vidarabine for the treatment of herpes simplex keratitis, 829  
Clinical evaluation of acyclovir in the treatment of ulcerative herpetic keratitis, 829  
Double-blind clinical trial of acyclovir and adenine arabinoside in herpetic corneal ulceration, 829  
Multicenter trial of acyclovir and trifluorothymidine in herpetic keratitis, 829
- Adenoma**  
Limited value of ophthalmological examinations for detection of recurrent pituitary adenoma, 434
- Adnexa**  
Ocular adnexal lymphoid neoplasms. Clinical, histopathologic, electron microscopic, and immunologic characteristics, 279  
Sebaceous carcinomas of the ocular adnexa, 279
- Adrenoleukodystrophy**  
Brain stem auditory, visual and somatosensory evoked potentials in leukodystrophies, 704
- Agraphia**  
Alexia and agraphia in Wernicke's aphasia, 832
- Alexia**  
Alexia and agraphia in Wernicke's aphasia, 832  
Word and letter reading and the mechanism of the third alexia, 129
- Allergy**  
Limited form of Churg-Strauss syndrome, 572
- Amblyopia**  
Hyperacuity and amblyopia, 706
- Amitriptyline**  
Amitriptyline. Another cause of internuclear ophthalmoplegia with coma, 703
- Anesthesia**  
Interaction of intraocular air and sulfur hexafluoride with nitrous oxide. A computer simulation, 429
- Anisocoria**  
Pseudo-Horner's syndrome, 130
- Antigen**  
Thygeson's superficial punctate keratitis. Natural history and association with HLA DR3, 132
- Aphakia**  
Long-term follow-up study of cystoid macular edema in aphakic and pseudophakic eyes, 135
- Aphasia**  
Alexia and agraphia in Wernicke's aphasia, 832  
Word and letter reading and the mechanism of the third alexia, 129
- Astrocytoma**  
Biological and clinical behaviour of pilocytic astrocytomas of the optic pathways, 703

## B

- Bacillus sp.**  
*Bacillus cereus* panophthalmitis. Source of the organism, 435
- Bell's palsy**  
Diagnosis and management of facial paralysis, 707
- Binocularity**  
Computational model of binocular depth perception, 575
- Biometry**  
Fetal ocular biometry by ultrasound, 576
- Blepharoplasty**  
Minor complication of blepharoplasty, 575
- Blepharoptosis**  
Neuro-ophthalmic signs and symptoms of hysteria, 434  
Ocular side effects of cancer chemotherapy, 430  
Oculopharyngeal muscular dystrophy, 281  
Pseudo-Horner's syndrome, 130
- Blepharospasm**  
Decongestant-induced blepharospasm and orofacial dystonia, 433
- Blindness**  
Guide to trachoma control in programmes for the prevention of blindness, 283  
Optic nerve hypoplasia. Septo-optic-pituitary dysplasia syndrome, 132

- Pathology of a retinal degeneration in Friesian cows, 130  
Visual hallucinations in blindness. The Charles Bonnet syndrome, 832
- Blowout fracture**  
Another look at blow-out fractures of the orbit, 703  
Blow-out fractures of the orbit. A comparison of computed tomography and conventional radiography with anatomical correlation, 576
- Brain**  
Conjugate gaze paresis in stroke patients with unilateral damage. An unexpected instance of hemispheric asymmetry, 830

## C

- Carcinoma**  
Sebaceous carcinomas of the ocular adnexa, 279
- Cataract**  
Endophthalmitis caused by *Moraxella nonliquefaciens*, 278  
Geographic approach to senile cataracts. Possible links with milk consumption, lactase activity, and galactose metabolism, 431  
Long-term follow-up study of cystoid macular edema in aphakic and pseudophakic eyes, 135  
Sorbitinol protection of lens protein components and cell hydration during diabetic cataract formation, 282  
Spontaneous healing of a cataract with secondary glaucoma, 434
- Cefazolin**  
Ocular penetration of subconjunctival oxacillin, methicillin, and cefazolin in rabbits with staphylococcal endophthalmitis, 832
- Central retinal vein**  
Central retinal vein occlusion. A prospective histopathologic study of 29 eyes in 25 cases, 283
- Charles Bonnet syndrome**  
Visual hallucinations in blindness. The Charles Bonnet syndrome, 832
- Chiasm**  
Evoked potentials in the evaluation of visual field defects due to chiasmal or retrochiasmal lesions, 833
- Children**  
Early surgical alignment for congenital esotropia, 133  
Radiation therapy in the management of ocular juvenile xanthogranuloma, 573  
Studies of retinopathy and the plasma co-factor of platelet hyperaggregation in type 1 (insulin-dependent) diabetic children, 831
- Chloroquine**  
Chloroquine retinopathy. Is there a safe daily dose?, 129
- Chlorpropamide**  
Chlorpropamide-induced optic neuropathy, 129
- Choroid**  
Rhegmatogenous retinal detachment complicated by severe intraocular inflammation, hypotony, and choroidal detachment, 134
- Churg-Strauss syndrome**  
Limited form of Churg-Strauss syndrome, 572
- Cogan-Reese syndrome**  
Clinicopathological correlation in Cogan-Reese syndrome, 705
- Complement**  
Complement activation by nylon- and polypropylene-looped prosthetic intraocular lenses, 432
- Computed tomography**  
Blow-out fractures of the orbit. A comparison of computed tomography and conventional radiography with anatomical correlation, 576  
Irradiation dose to the lens of the eye during CT of the head, 833  
Subperiosteal hematomas of the orbit. Angiographic and computed tomographic diagnosis, 576
- Congenital disorders**  
Development of the trabecular meshwork and its abnormality in primary infantile glaucoma, 132  
Early surgical alignment for congenital esotropia, 133  
Severe cardiac and ophthalmologic malformations in an infant exposed to diphenylhydantoin in utero, 131
- Conjunctiva**  
Incidence of Sjögren's sicca complex in a population of patients with keratoconjunctivitis sicca, 278
- Conjunctivitis**  
Conjunctivitis-otitis syndrome, 834

**Contact lens**

Ocular inflammation in patients using soft contact lenses, 830

**Cornea**

Acyclovir and vidarabine for the treatment of herpes simplex keratitis, 829

Clinical evaluation of acyclovir in the treatment of ulcerative herpetic keratitis, 829

Double-blind clinical trial of acyclovir and adenine arabinoside in herpetic corneal ulceration, 829

Effects of ophthalmic preservatives on corneal epithelium of the rabbit. A scanning electron microscopical study, 131

Experimental *Pseudomonas* keratitis, 133

Human rabies transmitted by corneal transplant, 130

Incidence of Sjögren's sicca complex in a population of patients with keratoconjunctivitis sicca, 278

Multicenter trial of acyclovir and trifluorothymidine in herpetic keratitis, 829

Thygeson's superficial punctate keratitis. Natural history and association with HLA DR3, 132

Wilson's disease. Electron microscopic, X-ray energy spectroscopic, and atomic absorption spectroscopic studies of corneal copper deposition and distribution, 573

**Cystoid macular edema**

Long-term follow-up study of cystoid macular edema in aphakic and pseudophakic eyes, 135

**Cytomegalovirus**

Ocular findings of acute cytomegalovirus infection in an immunologically competent adult, 575

**D****Diabetes**

Photocoagulation therapy of proliferative retinopathy in young onset type 1 (insulin-dependent) diabetes, 831

Reversal of abnormalities in ocular fluorophotometry in insulin-dependent diabetes after five to nine months of improved metabolic control, 430

Sorbinil protection of lens protein components and cell hydration during diabetic cataract formation, 282

Studies of retinopathy and the plasma co-factor of platelet hyperaggregation in type 1 (insulin-dependent) diabetic children, 831

Use of an implantable insulin pump in the treatment of type II diabetes, 706

**Diabetic retinopathy**

Diagnosis of diabetic eye disease, 433

Effect of 6 months of strict metabolic control on eye and kidney function in insulin-dependent diabetics with background retinopathy, 574

Low density lipoprotein cholesterol. An association with the severity of diabetic retinopathy, 431

**Diphenylhydantoin**

Severe cardiac and ophthalmologic malformations in an infant exposed to diphenylhydantoin in utero, 131

**Diplopia**

Ocular side effects of cancer chemotherapy, 430

**Drugs**

Ocular side effects of cancer chemotherapy, 430

**Drusen**

Drusen patterns predisposing to geographic atrophy of the retinal pigment epithelium, 430

**Dyslexia**

History of writing and its relevance for the linguistic disorder in dyslexia, 833

**E****Endophthalmitis**

Endophthalmitis caused by *Moraxella nonliquefaciens*, 278

Ocular penetration of subconjunctival oxacillin, methicillin, and cefazolin in rabbits with staphylococcal endophthalmitis, 832

**Esotropia**

Early surgical alignment for congenital esotropia, 133

**Exophthalmos**

Effect on exophthalmos of various methods of treatment of Graves' disease, 280

**Eyelid**

Role of the lateral canthal tendon in lower eyelid laxity, 283

**G****Gangliosidosis**

Oculomotor abnormalities in chronic GM2 gangliosidosis, 282

**Genetics**

Evidence for a chronic axonal atrophy in oculopharyngeal "muscular dystrophy", 702

Lysosomal storage diseases, 282

Oculomotor abnormalities in chronic GM2 gangliosidosis, 282

Oculopharyngeal muscular dystrophy, 281

**Glaucoma**

Comparison between peripheral iridectomy with thermal sclerotomy and trabeculectomy. A controlled study, 572

Development of the trabecular meshwork and its abnormality in primary infantile glaucoma, 132

Spontaneous healing of a cataract with secondary glaucoma, 434

**Graves' disease**

Effect on exophthalmos of various methods of treatment of Graves' disease, 280

Graves' ophthalmopathy and subclinical hypothyroidism. Diagnostic value of the thyrotropin releasing hormone test, 831

**H****Hemangioma**

Visual loss from cavernous hemangiomas of the middle cranial fossa, 429

**Hemangiopericytoma**

Hemangiopericytoma of the orbit. A clinicopathologic study of 30 cases, 432

**Hematoma**

Subperiosteal hematomas of the orbit. Angiographic and computed tomographic diagnosis, 576

**Hemianopsia**

Direct demonstration of transsynaptic degeneration in the human visual system. A comparison of retrograde and anterograde changes, 433

**Hemophilus sp.**

Conjunctivitis-otitis syndrome, 834

**Herpes simplex**

Acyclovir and vidarabine for the treatment of herpes simplex keratitis, 829

**Herpesvirus**

Clinical evaluation of acyclovir in the treatment of ulcerative herpetic keratitis, 829

Double-blind clinical trial of acyclovir and adenine arabinoside in herpetic corneal ulceration, 829

Multicenter trial of acyclovir and trifluorothymidine in herpetic keratitis, 829

**Herpes zoster**

Diagnosis and management of facial paralysis, 707

**Histiocytoma**

Fibrous histiocytoma of the orbit. A clinicopathologic study of 150 cases, 432

**HLA antigen**

Thygeson's superficial punctate keratitis. Natural history and association with HLA DR3, 132

**Horner's syndrome**

Pseudo-Horner's syndrome, 130

**Hypertelorism**

Glabella osteotomy and orbital craniotomies with microscopic control for correction of hypertelorism. A preliminary report of microcraniafacial surgery in two patients, 707

**Hypoplasia**

Maxillary sinus hypoplasia and superior orbital fissure asymmetry, 574

**I****Infants**

Development of the trabecular meshwork and its abnormality in primary infantile glaucoma, 132

Fetal ocular biometry by ultrasound, 576

Radiation therapy in the management of ocular juvenile xanthogranuloma, 573

Retina of the newborn human infant, 576

Severe cardiac and ophthalmologic malformations in an infant exposed to diphenylhydantoin in utero, 131

**Intraocular lens**

Complement activation by nylon- and polypropylene-looped prosthetic intraocular lenses, 432

**Intraocular pressure**

Race, iris pigmentation, and intraocular pressure, 429

**Iridectomy**

- Comparison between peripheral iridectomy with thermal sclerotomy and trabeculectomy. A controlled study, 572
- Radiation therapy in the management of ocular juvenile xantho-granuloma, 573

**Iris**

- Clinicopathological correlation in Cogan-Reese syndrome, 705
- Look into my eyes. Iridology exposed, 575
- Primary cysts of the iris, 135
- Race, iris pigmentation, and intraocular pressure, 429

**Ischemia**

- Ischemic optic neuropathy. A complication of cardiopulmonary bypass surgery, 282

**J****Junius-Kuhnt's senile disciform macular degeneration**

- Argon laser treatment of pigment epithelial detachments and of subretinal neovascular membranes in Junius-Kuhnt's senile disciform macular degeneration. A prospective, randomized study, 431

**K****Keratitis**

- Acyclovir and vidarabine for the treatment of herpes simplex keratitis, 829
- Clinical evaluation of acyclovir in the treatment of ulcerative herpetic keratitis, 829
- Experimental *Pseudomonas* keratitis, 133
- Multicenter trial of acyclovir and trifluorothymidine in herpetic keratitis, 829
- Thygeson's superficial punctate keratitis. Natural history and association with HLA DR3, 132

**Keratoconjunctivitis sicca**

- Incidence of Sjögren's sicca complex in a population of patients with keratoconjunctivitis sicca, 278

**L****Laser**

- Argon laser treatment of pigment epithelial detachments and of subretinal neovascular membranes in Junius-Kuhnt's senile disciform macular degeneration. A prospective, randomized study, 431

**Lens**

- Histologic observations of the lenses of psoralen + UVA treated albino rats and a theory as to the underlying mechanism, 705
- Irradiation dose to the lens of the eye during CT of the head, 833
- 8-Methoxypsoralen and long ultraviolet effects on the rat lens. Experiments with high dosage, 704
- Monocular deprivation in humans. A study of identical twins, 573
- Ocular side effects of cancer chemotherapy, 430
- Sorbinil protection of lens protein components and cell hydration during diabetic cataract formation, 282

**Leukemia**

- Ocular side effects of cancer chemotherapy, 430

**M****Macula**

- Argon laser treatment of pigment epithelial detachments and of subretinal neovascular membranes in Junius-Kuhnt's senile disciform macular degeneration. A prospective, randomized study, 431
- Long-term follow-up study of cystoid macular edema in aphakic and pseudophakic eyes, 135

**Marfan's syndrome**

- Eye in the Marfan syndrome, 134

**Melanoma**

- Uveal melanoma location, size, cell type, and enucleation as risk factors in metastasis, 280

**Meningioma**

- Sphenoid pneumosinus dilatans. A sign of meningioma originating in the optic canal, 833

**Methicillin**

- Ocular penetration of subconjunctival oxacillin, methicillin, and cefazolin in rabbits with staphylococcal endophthalmitis, 832

**Monocularity**

- Monocular deprivation in humans. A study of identical twins, 573

**Moraxella sp.**

- Endophthalmitis caused by *Moraxella nonliquefaciens*, 278

**N****Nystagmus**

- Acquired pendular nystagmus. Its characteristics, localising value and pathophysiology, 705
- Wernicke-Korsakoff encephalopathy after gastric plication, 280

**O****Ocular dominance**

- Relationship among handedness, sighting dominance and acuity dominance in elementary school children, 130

**Oculomotor nerve**

- Evidence for a chronic axonal atrophy in oculopharyngeal "muscular dystrophy", 702

**Open-angle glaucoma**

- Comparison between peripheral iridectomy with thermal sclerotomy and trabeculectomy. A controlled study, 572

**Ophthalmoplegia**

- Amitriptyline. Another cause of internuclear ophthalmoplegia with coma, 703

**Optic atrophy**

- Optic atrophy induced by vincristine, 834

**Optic nerve**

- Auditory evoked phosphenes in optic nerve disease, 281
- Direct demonstration of transsynaptic degeneration in the human visual system. A comparison of retrograde and anterograde changes, 433
- Do visual evoked potentials give relevant information to the neuro-ophthalmological examination in optic nerve lesions?, 702
- Optic nerve hypoplasia. Septo-optic-pituitary dysplasia syndrome, 132
- Sphenoid pneumosinus dilatans. A sign of meningioma originating in the optic canal, 833

**Optic neuropathy**

- Chlorpropamide-induced optic neuropathy, 129
- Ischemic optic neuropathy. A complication of cardiopulmonary bypass surgery, 282

**Orbit**

- Alveolar soft-part sarcoma of the orbit, 573
- Another look at blow-out fractures of the orbit, 703
- Blow-out fractures of the orbit. A comparison of computed tomography and conventional radiography with anatomical correlation, 576
- Carcinoid tumors of the eye and orbit, 572
- Fibrous histiocytoma of the orbit. A clinicopathologic study of 150 cases, 432
- Glabellalectomy and orbital craniotomies with microscopic control for correction of hypertelorism. A preliminary report of microcraniofacial surgery in two patients, 707
- Hemangiopericytoma of the orbit. A clinicopathologic study of 30 cases, 432
- Maxillary sinus hypoplasia and superior orbital fissure asymmetry, 574
- Subperiosteal hematomas of the orbit. Angiographic and computed tomographic diagnosis, 576

**Oxacillin**

- Ocular penetration of subconjunctival oxacillin, methicillin, and cefazolin in rabbits with staphylococcal endophthalmitis, 832

**P****Panophthalmitis**

- Bacillus cereus* panophthalmitis. Source of the organism, 435

**Parkinson's disease**

- Visual system abnormalities in patients with Parkinson's disease, 430

**Pigment epithelium**

- Argon laser treatment of pigment epithelial detachments and of subretinal neovascular membranes in Junius-Kuhnt's senile disciform macular degeneration. A prospective, randomized study, 431
- Drusen patterns predisposing to geographic atrophy of the retinal pigment epithelium, 430

**Pneumocystis sp.**

- Retinal cotton-wool spots in a patient with *Pneumocystis carinii* infection, 706

**Prednisone**

- Diagnosis and management of facial paralysis, 707

**Pseudomonas sp.**

- Experimental *Pseudomonas* keratitis, 133

**Pseudotumor cerebri**

Pseudotumor cerebri. A review, 703

Visual loss in pseudotumor cerebri. Follow-up of 57 patients from five to 41 years and a profile of 14 patients with permanent severe visual loss, 830

**Psoralen**Histologic observations of the lenses of psoralen + UVA treated albino rats and a theory as to the underlying mechanism, 705  
8-Methoxypsoralen and long ultraviolet effects on the rat lens. Experiments with high dosage, 704**Pupil**

Neuro-ophthalmic signs and symptoms of hysteria, 434

**R****Radiation therapy**

Radiation therapy in the management of ocular juvenile xantho-granuloma, 573

**Rectus muscle**

Use of ultrasonography in determining the amount of muscle surgery in strabismus, 830

**Retina**

Cell death in the mammalian visual system during normal development. I. Retinal ganglion cells, 281

Central retinal vein occlusion. A prospective histopathologic study of 29 eyes in 28 cases, 283

Drusen patterns predisposing to geographic atrophy of the retinal pigment epithelium, 430

Electroretinography and visual evoked responses in paediatric practice, 577

Interaction of intraocular air and sulfur hexafluoride with nitrous oxide. A computer simulation, 429

Ocular findings of acute cytomegalovirus infection in an immunologically competent adult, 575

Ocular side effects of cancer chemotherapy, 430

Pathology of a retinal degeneration in Friesian cows, 130

Retinal cotton-wool spots in a patient with *Pneumocystis carinii* infection, 706

Retinal damage in scrapie mice, 278

Retina of the newborn human infant, 576

**Retinal detachment**

Drainage of subretinal fluid. A randomized controlled clinical trial, 133

Rhegmatogenous retinal detachment complicated by severe intra-ocular inflammation, hypotony, and choroidal detachment, 134

**Retinoblastoma**

Bilateral retinoblastoma with ectopic intracranial retinoblastoma. Trilateral retinoblastoma, 279

Highly predictable animal model of retinoblastoma, 702

**Retinopathy**

Chloroquine retinopathy. Is there a safe daily dose?, 129

Diagnosis of diabetic eye disease, 433

Effect of 6 months of strict metabolic control on eye and kidney function in insulin-dependent diabetics with background retinopathy, 574

Low density lipoprotein cholesterol. An association with the severity of diabetic retinopathy, 431

Photocoagulation therapy of proliferative retinopathy in young onset type 1 (insulin-dependent) diabetes, 831

Studies of retinopathy and the plasma co-factor of platelet hyper-aggregation in type 1 (insulin-dependent) diabetic children, 831

**S****Sarcoma**

Alveolar soft-part sarcoma of the orbit, 573

**Staphylococcus sp.**

Ocular penetration of subconjunctival oxacillin, methicillin, and cefazolin in rabbits with staphylococcal endophthalmitis, 832

**Strabismus**

Botulinum toxin injection of eye muscles to correct strabismus, 134

**Strabismus**

Use of ultrasonography in determining the amount of muscle surgery in strabismus, 830

**T****Tears**

Tear absorption into the filter paper strip used in the Schirmer-I-test.

A methodological study and a critical survey, 278

**Thygeson's superficial punctate keratitis**

Thygeson's superficial punctate keratitis. Natural history and association with HLA DR3, 132

**Trabecular meshwork**

Development of the trabecular meshwork and its abnormality in primary infantile glaucoma, 132

**Trabeculectomy**

Comparison between peripheral iridectomy with thermal sclerostomy and trabeculectomy. A controlled study, 572

**Trachoma**

Guide to trachoma control in programmes for the prevention of blindness, 283

**Trifluorothymidine**

Multicenter trial of acyclovir and trifluorothymidine in herpetic keratitis, 829

**Tumor**

Carcinoid tumors of the eye and orbit, 572

Ocular adnexal lymphoid neoplasms. Clinical, histopathologic, electron microscopic, and immunologic characteristics, 279

**U****Ultrasonography**

Fetal ocular biometry by ultrasound, 576

Use of ultrasonography in determining the amount of muscle surgery in strabismus, 830

**Uvea**

Uveal melanoma location, size, cell type, and enucleation as risk factors in metastasis, 280

**V****Vidarabine**

Acyclovir and vidarabine for the treatment of herpes simplex keratitis, 829

Double-blind clinical trial of acyclovir and adenine arabinoside in herpetic corneal ulceration, 829

**Vincristine**

Optic atrophy induced by vincristine, 834

**Visual acuity**

Hyperacuity and amblyopia, 706

Relationship among handedness, sighting dominance and acuity dominance in elementary school children, 130

**Visual axis**

Monocular deprivation in humans. A study of identical twins, 573

**Visual cortex**

David Hubel and Torsten Wiesel. Their contributions towards understanding the primary visual cortex, 577

**Visual-evoked potential**

Brain stem auditory, visual and somatosensory evoked potentials in leukodystrophies, 704

Do visual evoked potentials give relevant information to the neuro-ophthalmological examination in optic nerve lesions?, 702

Electroretinography and visual evoked responses in paediatric practice, 577

Evoked potentials in the evaluation of visual field defects due to chiasmal or retrochiasmal lesions, 833

**Visual field**

Evoked potentials in the evaluation of visual field defects due to chiasmal or retrochiasmal lesions, 833

Visual field defects in obstructive hydrocephalus, 705

**Visual loss**

Ischemic optic neuropathy. A complication of cardiopulmonary bypass surgery, 282

Organization of visual pathways in normal and visually deprived cats, 707

Visual loss from cavernous hemangiomas of the middle cranial fossa, 429

**Vitreous**

Reversal of abnormalities in ocular fluorophotometry in insulin-dependent diabetes after five to nine months of improved metabolic control, 430

**W****Wernicke's aphasia**

Alexia and agraphia in Wernicke's aphasia, 832

**Wilson's disease**

Wilson's disease. Electron microscopic, X-ray energy spectroscopic, and atomic absorption spectroscopic studies of corneal copper deposition and distribution, 573

## ADVERTISERS' INDEX

DECEMBER 1982
